Green Valley Special Utility District Water and Sewer Rate Increase Notice

Green Valley Water Customers

Green Valley Special Utility District (GVSUD) Board of Directors approved new rates, effective October 1st, 2023. Customers will see the effects of the rate increase on their water bill due **November 10th, 2023**. The increase in water rate is 5%.

Santa Clara Creek Wastewater Customers

GVSUD sewer customers connected to the Santa Clara Creek Wastewater Plant will see a rate increase of 8% on their sewer charges. This rate increase is effective October 1st, 2023. Customers will see the effects of the rate increase on their sewer bill due **November 10th, 2023**.

Comparisons

GVSUD strives to maintain affordable rates. The following tables illustrate the changes to the monthly bills for a home that uses 5,000 or 10,000 gallons of water, and an established winter average of 5,000 gallons of wastewater.

Water – 5,000 Gallons

	Current	October 1 st	Difference
Monthly Bill	\$ 44.40	\$ 46.63	\$2.23

Water – 10,000 Gallons

	Current	October 1 st	Difference
Monthly Bill	\$ 72.35	\$ 75.98	\$3.63

Wastewater – 5,000 Gallons

	Current	October 1 st	Difference
Monthly Bill	\$ 53.08	\$ 57.33	\$4.25
