

Green Valley Special Utility District (GVSUD) uses drought rules, established by our Contingency Plan to proactively manage the Districts water resources.

Stage 2 restrictions begin when Guadalupe-Blanco River Authority (GBRA) and Canyon Regional Water Authority (CRWA) announces the initiation of Stage 2 triggering conditions for Canyon Reservoir users.

In Accordance with our Water Conservation and Drought Contingency Plan

Irrigation of landscaped areas with a hand-held hose, a faucet filled bucket, a watering can of five (5) gallons or less, a drip irrigation system, a hose-end sprinkler or an automatic irrigation system shall be between the hours of 12:00 a.m. to 10:00 a.m. and 8:00 p.m. to midnight on designated watering days.

If there is no street address associated with the property, such as a parkway, or if there is more than one street address associated with a single contiguous property, the irrigation day is Wednesday.

Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane or other vehicle is prohibited except on designated watering days between the hours of 12:00 a.m. to 10:00 a.m. and 8:00 p.m. to midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rinses. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public are contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.

Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or spas is prohibited except on designated watering days between the hours of 12:00 a.m. to 10:00 a.m. and 8:00 p.m. to midnight.

No watering is allowed on weekends with a sprinkler or irrigations system.

Watering Times

Watering Day determined by the last digit of address:
