

APPLICATION FOR NON-STANDARD RETAIL WASTEWATER UTILITY SERVICE

[REDACTED] ("Applicant") requests non-standard wastewater utility service from Green Valley Special Utility District ("Utility") to property located inside the Utility's state-certificated service area ("CCN"). Applicant understands and agrees that retail wastewater utility service will only be available under the terms and conditions of the Utility's tariffed extension policies, the regulations of the Texas Commission on Environmental Quality ("TCEQ"), the Texas Water Code, and the Texas Health & Safety Code. Green Valley Special Utility District requires all applicants for non-standard service to bear all costs related to fulfilling the retail wastewater service requirements of the property on the submitted wastewater plan.

By signing and submitting this application for non-standard retail wastewater utility service, the Applicant declares that the owner of the property in question or a developer with legal, contractual rights is to develop the property. If the Applicant is not the landowner or developer, the Applicant must provide written legal authority to make this application and to bind the landowner/developer to the terms of any resulting service contract. **[Attach a copy of a sworn power of attorney or other legal documentation to support that the applicant has the authority to enter into this application on the landowner's behalf. This is a required document for submission and processing of your application.]**

The information solicited below shall be the minimum information required by the Applicant to initiate non-standard service to the property in question. The applicant shall also be required to timely provide any additional information required by Utility and/or its designated consulting engineers to evaluate the service request, its effects on Utility's existing wastewater system and customers, and any additional service capacities that might need to be developed to fulfill this request.

This is only an application for non-standard service. The Utility is not obligated to provide service until the application has been evaluated and a final service extension contract executed by all necessary parties.
